7. In the order of 24th March 23 it was directed that the period of suspension be terminated at once and that Mr. Shik Abdulla be reduced to the next lower grade for a period of six months from the date of his rejoining service.

8. In the later order of 14th July 23, ^{Govt:} ~~the~~ condonation the period of suspension ~~was cancelled~~ but declined to reconsider the order of reduction. Whether this condonation amounts to a cancellation of the order of suspension and makes the period of reduction count from the date ^{of the commencement} of suspension instead of from the date of its expiry are points for consideration.

9. The Senior Surgeon interprets the later order to mean that the reduction counts from the date of the commencement of suspension.

He therefore seeks orders as to

- (1) whether Mr. Shik Abdulla may be restored to his original grade from 7th Aug 23 i.e. on the expiry of six months from the date of suspension, and
- (2) whether he may be recommended for promotion to the higher senior grade on the 97 in filling up vacancies in that grade.

10. As regards (1) in view of the condonation

of suspension already ordered, the period of reduction may perhaps be counted from the date of suspension and Mr. Sheikh Abdullah restored to his original grade from 7th August-23 as recommended by the Senior Surgeon.

4. ~~As regards (2)~~ If the above proposal is sanctioned, the Senior Surgeon may be informed as regards (2), that Mr. Sheikh Abdullah may be recommended ~~for~~ for promotion to the grade as Rs 97 from and after 7th Aug 23 if the Senior Surgeon considers him eligible for the same, and that the orders already passed will not have any adverse effect on his future promotion.

The Senior Surgeon,

With the Government of His Highness

The Maharaja of Mysore, Bangalore.

Respected Sir,

With reference to the Government Order No. L.6417-19-
Law. 57-27-17 dated the 24th March 1928 communicated to me
with memo No. C.1462-19 dated 27th March 1928, I solicit
permission to put the following circumstances for the benign
consideration of the Government and for your sympathetic
support.

On the first head of charge relating to the post mortem
examination held on the body of one Kanji, the government have
been graciously pleased to accept your finding that it was a
case of error of judgment. Even with regard the second head
of charge i.e. requisites of dishonest and corrupt motive and
culpability for carelessness and negligence in maintaining
official records; and the government also have been kind
enough to endorse the finding recorded by the Departmental
Magistrate. As regards the carelessness and negligence charge
of Kanji is not culpable. As regards the error of judgment
charge, it is a mistake which often arises while passing
an opinion, it is a position to admit that even with the
best of intentions and being qualified and better experienced
officers, the public health and general welfare are not
always protected. As the points raised upon by the original
complaint in G.O. No. of 1921-22, these errors could have been

been passed of as non-intentional and ordinarily pardonable. As luck would have it, however, the hostility entertained -- against me by a minor section of the Local magnates and the consequent under current of evil influences, which to no -- small purpose operated to ~~by~~ bias the minds of the -- Officers dealing with the case, by reason of attaching undue importance and interpretation to casual errors, have all -- contributed to colour the entire proceedings to no small prejudice against me. Mistakes trivial in themselves have gained undue significance and most uncharitable construction. These are matters which are well within your cognizance; and I am sincerely grateful to you for the kind protection you were -- pleased to accord to me against the machinations of my enemies. It may not be mistaken either that I was unpopular at Helenarasipur. I invite kind recollection to the fact that the Public of Helenarasipur had protested against my transfer from the -- place in their petition submitted to government and to you. -- Moreover the good services done by me during the epidemic seasons of 1920-22 were appreciated by the Municipal bodies; and with the sanction of government two rewards of Rs. 50/- ^{each} were awarded to me. The hostile feelings against me were limited to a small section of the community, which unfortunately was equally influential and mischievous enough to work successfully against me. It is within common experience that in the course of the strict discharge of duties Government Officers unwittingly incur the displeasure of the interested local -- magnates.

I also submit that in the course of 26 years of my service I had had occasions to conduct several post mortem examinations and to grant innumerable certificates to injured persons; but on no occasion my integrity and correctness of judgment were questioned. The record of my past services may kindly be taken into consideration in viewing if I would at this rag-end of service I have stooped to objectionable methods,

The cumulative effects of the punishments awarded to me have otherwise gone hard with me. As senior in the grade I stood near chance of being promoted to the post of the - Chief Sanitary Inspector and a recommendation had in fact gone to government. Consequent upon the suspension and re-education, though temporarily, I have lost my claim to that -- post and my juniors have superseded me, so much so that I may not possibly hope to get it before I retire. After continued good service of over 28 years, this mishap has befallen me just at the time I was about to be promoted to that post. The suspension not only entails an interruption of duty, dis-entitling ^{me} to the claims for privilege leave and furlough so hardly earned by me, and affecting the amount of my pension. It has also entailed a loss of pay and emoluments of more than Rs. 200/-. It may be that this interruption of duty may be condoned while dealing with my pension papers; but I earnestly pray that the order of suspension may kindly be cancelled in view of the above circumstances.

In the light of the findings graciously endorsed by the benign government and in view of the multiple effects of the punishments awarded to me, I am put to the pardonable necessity of approaching you and the government once again to consider my hard case; and I appeal to the judicious consideration of the benign government to decide if my case merits all these punishments.

I may be pardoned, Sir, for the liberty I have taken in approaching you with the prayer to recommend my case to the government and I earnestly hope that it will meet with your full sympathy and support. My apology to government in thus submitting my memorial lies in my sincere belief that the punishments awarded to me have had more far reaching and multiple effects than were probably contemplated by the gracious order of government. The mental ^{tortures} ~~torches~~ and humiliations I was subjected to till now added to my transfer from Holenarasipur to

to no small satisfaction of my enemies who engineered the whole mischief against me, appear to be adequate for the casual errors committed by me.

In conclusion I pray that I may graciously be restored to my place in the grade and the post of the Chief Sanitary Inspector conferred upon me.

I beg to remain,

Respected Sir,

Your most obedient Servant,

Chait Mulla
